

A man in a dark suit and white shirt is shown from the side, looking down at a smartphone he is holding. He is standing in a modern office hallway with large glass windows and doors. The lighting is bright and even. The background shows a clean, professional environment with recessed ceiling lights.

# KONE REMOTECALL™

## TOUCHLESS PEOPLE FLOW EXPERIENCE

### Safety

calling elevator from a mobile phone  
without touching common surfaces

### Speed

shorter waiting times by triggering  
elevator calls from a distance

### Ease-of-use

intuitive and personalized  
interface

# MOBILE APPLICATION FOR KONE DESTINATION

KONE RemoteCall™ is an innovative mobile application for smartphones. It allows passengers to make personalized elevator calls quickly and conveniently from anywhere in the building. It is available for mobile phones, download our app from their respective app stores.

## HOW IT WORKS

1 User indicates departure floor

2 User indicates destination floor

3 Elevator call is processed

4 Allocated elevator is displayed

5 Indication of elevator arrival

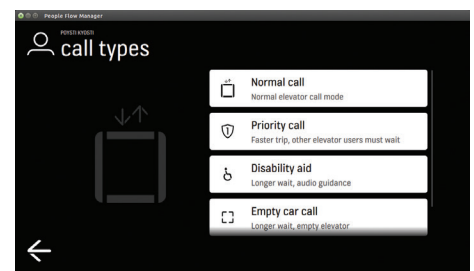

## User Management

KONE People Flow Manager software allows you to easily create and manage user accounts:

- Add or remove users
- View all users
- View and edit information for particular users
- Manage floor access rights
- Set call type (normal, priority, disability, empty car)

User information screen

Call type screen
