

KONE REVIVE™ KSS 500 AND 600 SERIES

Modernization of Elevator Signalization

Attractive and versatile signalization solutions

Signalization systems are the user's interface with the elevator control system. Passengers use the signalization to control elevator functions, while important journey-related information is also provided to the passenger by the signalization. Worn and out-dated signalization not only has a negative impact on elevator aesthetics but can also adversely affect elevator operation and reliability.

These quick-to-install KONE ReVive signalization solutions enhance aesthetics, increase accessibility for passengers, and improve the performance of the elevator.

Key benefits

Versatile and stylish

- Bronze or stainless steel finish
- Vertical or horizontal, rectangular or barrel shape hall lanterns, car lanterns and hall position indicators
- White dot matrix or white LCD display. Amber display available with stainless steel finish.
- Rectangular or barrel-shaped hall pushbutton station faceplates in KONE ReVive KSS 500 series

Safe and accessible

- Safety code for elevators and escalators (ASME A17.1 1996, 2000, 2000 addenda A & B)
- Safety code for elevators (CSA standard B44-00, B44-00 update no. 1 Sept. 2002)
- Accessible and Usable Buildings and Facilities (ICC/ANSI A17.1 1998)
- Americans with Disabilities Act Accessibility Guidelines (ADAAG)
- Elevator and escalator electrical equipment (CAN/CSA - B44.1-96ASME-A17.5 1996, 2000)
- Extended hall pushbutton station in KSS 500 series provides emergency fire instructions

Emergency two-way communication

- Complies with ADA, ICC/ANSI A117.1-1998 and ASME/ANSI A17.1
- KONE Remote Monitoring System™ (KRMS) elevator monitoring system, used to connect site devices to KONE Service Center with two-way voice and/or data link
- Wurtec Helper Phone (hands free)

KONE ReVive KSS 500 Series

Extended Hall Pushbutton Station
The extended hall pushbutton station combines the functionality of hall stations with emergency fire instructions.

Car Operating Panel
The KONE ReVive KSS 500 Series car operating panel, in stainless steel or bronze, is available with a white dot matrix or white LCD display. An amber display is available with the stainless steel finish.

Hall Lanterns or Car Lanterns
Hall lanterns or car lanterns are available in vertical or horizontal configurations.

Hall Position Indicators
Hall position indicators are available in various sizes and finishes. The dot matrix display supports a wide range of letters and numbers, including emergency messages in either English or French.

Hall Pushbutton Station
The hall pushbutton station faceplates are available in rectangular or barrel-shape designs.

KONE ReVive KSS 600 Series

Car Operating Panel

The KONE ReVive KSS 600 Series car operating panel, in stainless steel or bronze, is available with a white dot matrix or white LCD display. An amber display is available with the stainless steel finish.

Hall Lanterns or Car Lanterns

Hall lanterns, car lanterns and hall position indicators are all available in vertical or horizontal configurations, either rectangular or with a stylish barrel shape. The white dot matrix or white LCD displays can show emergency messages in either English or French.

Hall Pushbutton Station

Hall pushbutton station faceplates are available in rectangular or barrel shape designs.
