

KONE MonoSpace® Upgrade DX

Give your KONE MonoSpace® elevator an upgrade by the people who know it best

Make significant enhancements to your elevator's performance and reliability

Make your elevator smarter and more desirable with added connectivity

Take a fresh look at your KONE MonoSpace® elevator

After years of reliable service, your KONE MonoSpace® elevator deserves an upgrade. With KONE MonoSpace Upgrade DX you can enjoy many of the benefits of a brand new elevator with our latest technological advances and design innovations. Whatever your need and budget, our range of quick to-install modular upgrade packages have got you covered.

Upgrading gives you the opportunity to improve the safety, performance, energy efficiency, and comfort of your KONE MonoSpace elevator. It's an easily upgradable solution that evolves with your building, and may add value while increasing the attractiveness of the property to prospective tenants.

We can add connectivity to make your KONE MonoSpace solution smarter to optimize people flow and enable increased operational efficiency. Take advantage of KONE 24/7 Connected Services* – by connecting your elevators to the cloud and analyzing the data, we can identify maintenance needs and fix potential problems before they cause breakdown.

Hoisting machine and governor

Upgrading worn, outdated machinery is vital to maintaining safety and ride comfort

Elevator controller and electrification
