OMNIA
PARTNERS

INDUSTRY-LEADING VERTICAL TRANSPORTATION – WITHOUT THE RFP

KONE is proud to be a designated supplier for elevator and escalator maintenance, repair and modernization, through a renewed agreement awarded by the University of California. This competitively solicited and publicly awarded cooperative contract is made available nationwide through OMNIA Partners, Public Sector.

Simplified process

OMNIA Partners eliminates costly, time-consuming RFP processes, saving you time and money.

Negotiated billing rates

OMNIA Partners has negotiated competitive pricing and discounted billing rates for our contracts.

Negotiated contract terms

The base contract provides you with the confidence, support and benefits of a trusted partner.

You maintain control

Agency remains in full control of the purchasing process and supplier selection.

Get more value

KONE provides free KONE Online and Mobile web-based reporting, which keeps track of all your elevator and escalator maintenance details for greater transparency and efficiency.

Peace of mind

As the leading government purchasing cooperative, OMNIA Partners holds suppliers like KONE to high standards of quality and reliability.

WHY KONE?

SERVICE TRANSPARENCY

With KONE Care, you get real time updates on the go and an intuitive online dashboard to help you stay up to date and code compliant.

INDUSTRY-LEADING TECHNOLOGY

From predictive maintenance with KONE 24/7 Connected Services to sophisticated life cycle asset management, we'll help you stay one step ahead.

WE'VE GOT YOUR BACK

We hold extensive expertise across all makes of elevators and escalators, combined with a 24/7/365 North American call center to handle your service needs.

MODERNIZATION SOLUTIONS

KONE helps extend equipment life with targeted upgrades that improve safety, performance, and energy efficiency—bringing older systems up to modern standards with minimal disruption.
